Banking Technologies

FEBRUARY 06 – 10, 2017

WE are glad to announce a Programme on Banking Technologies, February 06 – 10, 2017. The programme details are given below. We appreciate your proactive initiatives in making your technologies more secure and reliable.

Introduction:

We cannot live in today's world without electronics, information and communication technology. Banking is not an exception. Today's banking operations are heavily dependent on technologies - starting from connectivity of branches to the data centers, ATMs, electronic payments, cheque clearing and many more things. Security requirements in electronic banking have opened the gate for new set of technologies, namely security technologies. Moreover, around the globe banks are fast adopting technologies like cloud and analytics. Today technology is required to cater to technology-literate people in urban, even rural areas. Technology is also helpful to reach out to myriads of unbanked people in remote places.

With the continuous development of newer technologies, we, at every moment, also face the dilemma of whether we should embrace new technologies or continue with relatively older ones. Therefore, banking personnel must continuously update themselves about the developments in technology frontier. Moreover, they should envisage the upcoming technologies and prepare their banks to adopt the technologies for better needs.

Objective:

In this context, a five-day executive development program on “banking Technology” will cater to the appetite for technologies of the banking personnel. This program will address the following:

- ★ Enlighten the required technologies to address particular problems in banking sector
- ★ Highlight the importance of embracing certain relatively new technologies in banking sector
- ★ Provide a cross-discipline training where a person working in a particular domain will get to know about other technological domains
- ★ Provide updates of new technological trends across other industries

Contents:

This program will certainly cover following evergreen and/or emerging areas necessary for banking sector:

- ★ Security Technologies
- ★ Challenges in various payment channels (including mobile banking)
- ★ Virtualization and Cloud Computing
- ★ Green Technologies for Banking
- ★ Analytics
- ★ and many more...

Profile of Participants:

Officials from any departments of banks.

End Use:

Knowledge about all recent and potential technologies in banking will provide the banker an overall perspective of viewing the system. Cross-domain and cross-industry knowledge will only help them in their career and knowledge growth.

Faculty:

Faculty of IDRBT, Guest Speakers from the Industry & Practitioners.

Fee & Nomination:

The fee for the programme is Rs. 35,000/- + Service Tax 15% = Rs. 40,250/- per participant. It includes boarding, lodging, training, course material, kit, and other infrastructure overheads. The fees can be remitted through NEFT (details furnished here under):
