Banking Technologies

Coordinator: Dr. Rajarshi Pal

JULY 17 – 21, 2017

Banking Technologies

July 17 – 21, 2017

Coordinator: Dr. Rajarshi Pal, Assistant Professor, IDRBT
e-mail: prajarshi@idrbt.ac.in

Introduction

We cannot live in today's world without electronics, information and communication technology. Banking is not an exception. Today's banking operations are heavily dependent on technologies – starting from connectivity of branches to the data centres, ATMs, electronic payments, cheque clearing and many more things. Security requirements in electronic banking have opened the gate for new set of technologies, namely security technologies. Moreover, around the globe banks are fast adopting technologies like cloud and analytics. Today, technology is required to cater to technology-literate people in urban, even rural areas. Technology is also helpful to reach out to myriads of unbanked people in remote places.

With continuous development of newer technologies, we, at every moment, also face the dilemma of whether we should embrace new technologies or continue with relatively older ones. Therefore, banking personnel must continuously update themselves about the developments in technology frontier. Moreover, they should envisage the upcoming technologies and prepare their banks to adopt the technologies for better needs.

Objectives

- * Enlighten the required technologies to address particular problems in banking sector
- * Highlight the importance of embracing certain relatively new technologies in banking sector
- * Provide a cross-discipline training where a person working in a particular domain will get to know about other technological domains
- * Provide updates of new technological trends across other industries.

Contents

- * Security Technologies
- * Challenges in various payment channels (including mobile banking)
- * NFC
- * Blockchain
- * Virtualization and Cloud Computing
- * Green Technologies for Banking
- * Analytics
- * IT Governance
- * Voice-based Applications
- * And many more emerging technologies

Who Can Participate?

Staffs from any department of banks can attend the programme.

End Use

Knowledge about all recent and potential technologies in banking will provide the banker an overall perspective of viewing the system. Cross-domain and cross-industry knowledge will help them in their career and knowledge growth.

Faculty

Faculty of IDRBT, Guest Speakers from the Industry & Practitioners.
