Programme on

# Cloud Adoption Strategies for Banks

Coordinator: Dr. P. Syam Kumar

**September 25 – 27, 2017**

## Cloud Adoption Strategies for Banks

September 25 – 27, 2017

Coordinator: Dr. P. Syam Kumar, Assistant Professor, IDRBT

e-mail: [psyamkumar@idrbt.ac.in](mailto:psyamkumar@idrbt.ac.in)

### Introduction

Cloud adoption is a planned move by banks that are trying to reduce technology costs, alleviate risks, and achieve scalability. The drive for value, the need to reduce technology costs and the business demand for increased agility in how technology is used have pushed banks to adopt cloud-computing strategies. These strategies leverage the infrastructure, platforms or software services provided by cloud providers, transferring information technology (IT) from an in-house service to an outsourced capability.

Cloud adoption is not just using the technology; it is a journey with extensive planning and strategies. Cloud adoption strategies take into account specific business goals, best practices, and cloud standards for current and future use by a bank. A basic adoption strategy for any type of cloud model will consist of a series of steps that includes Assessment, Planning, Migration and Optimization.

Although enterprises talk about cloud adoption very often, it is not possible to facilitate a seamless migration without a clear strategy in place. Hence, effective planning for adopting a cloud strategy is required.

### Objective

This program explains how cloud models are used and will help in understanding the strategies required for adopting the appropriate cloud model for your bank.

### Contents

- ★ Overview of Cloud Computing
- ★ Cloud Delivery models
- ★ Cloud Deployment Models
- ★ Cloud computing Benefits
- ★ Cloud computing challenges
- ★ Cloud Adoption in Banks
- ★ Business value of a cloud adoption strategy
- ★ Life cycle of cloud adoption strategy
- ★ Governance
- ★ Case studies

### Who Can Participate?

IT Officers from Scale I to IV

### Faculty

Faculty of IDRBT, Guest Speakers from the Industry & Practitioners.

### End Use

The participants can visualise cloud adoption through which their bank can benefit. This includes understanding your current business goals and the IT infrastructure currently in place to support those goals, identifying applications, and constructing a roadmap to allow you to adopt cloud computing with measurable results.

### Fee Details

#### Domestic Participants from

- ★ RRBs & Coop Banks : Rs. 21,240/- (Rs. 18,000/- + 18% GST)
- ★ All other Banks & FIs: Rs. 28,320/- (Rs. 24,000/- + 18% GST)

#### Foreign Participants from

- ★ SAARC Countries : US \$ 708/- (US \$ 600/- + 18% GST)
- ★ Other Countries : US \$ 1062/- (US \$ 900/- + 18% GST)
