RE-ENVISIONING DIGITAL BANKING SYSTEMS

March 28 – 31, 2022

Introduction

The COVID-19 pandemic has shaken entire world and causing tremors across all industries including banking sector. This has invoked the rush to make a digital transformation and optimizing the bank's backend operations. Digital banking means the full digitization of banks and all its activities, programs and functions. And becoming a digital bank means delivering a compelling and relevant customer and execution experience through an open, integrated and flexible architecture. The goal is to understand the merits of a digitally enabled bank to address the challenges faced by bank and customers.

Objectives

- To understand the ways to address the key technical challenges faced by banks and customer.
- To understand the future technologies to survive even after the crisis.

Contents

- Need for digital banking amidst Covid-19
- Key features for digital transformation
- Architecture of the future of core banking
- Enhancing customer experience
- Focus on new technologies
- Web Security
- Security Risks and Challenges in digital payment
- EASE Reform Agenda

Mode of Teaching

Online teaching plus learning inputs through reading material, videos, webinars, assignments, quizzes, online interactions and clarifications. Each e-Programme will have four live webinars and course material will be made available in advance for study.

Who Can Participate?

Officials/Executives from IT department, business wings of Banks and Financial institutions associated with digital platforms for financial solutions.

End Use:

This program will help the participants, to gain in-depth knowledge on key technological solutions for adopting digital banking to overcome present crisis. This program will enable banks to understand the opportunities for future growth.

Programme Coordinator:

Dr. Susmita Mandal, Assistant Professor, IDRBT; e-mail: msusmita@idrbt.ac.in
